## **Initial Review**

My staff and I have reviewed the applications of the 79 applicants for the Palm Bay City Manager position. We have identified five that we think are highly qualified and seem to be a good fit. We are now doing our background work on them. They are:

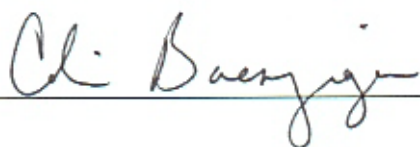

Matthew Delk  
Tamara Hanlin  
Ron McLemore  
Patrick Salerno  
Jane Shang

## **Other Possibilities**

Recognizing that there was some sentiment on the Council to also see candidates who do not fit the traditional mold, we identified the following that offer something a little different. They are also local candidates whom you may know and may know to be highly qualified. They are:

Tarilyn J. Fazekas (Palm Bay)  
Gregg Lynk (Palm Bay)  
Armando Martinez (Palm Bay)  
Vicki Northrup (Palm Bay)  
Ryan Roche (Viera)

If you would like us to pursue one of these, please let me know. Note that I have attached the resumes for all the candidates referenced above.
